SPECIAL DELIVERY

Mrs. Catherine Gerrish
207 Grove Street
Cambridge 38, Massachusetts

Dear Mrs. Gerrish:

I enclose my rejoinder to Harry Roberts' paper, "Vagueness and Decision," for inclusion in the May issue of the Quarterly Journal of Economics. I apologize for the delay in sending it, which is in small part (the main fault is mine) due to the necessity of sending it through a clearance procedure.

I hope I can make up for the delay by handling the proof promptly (or even foregoing proof, if necessary).

Sincerely,

Daniel Ellsberg
Economics Department
